CLASS ACTION SUMMARY

BLUE CROSS AND BLUE SHIELD ANTITRUST SUBSCRIBER
CLASS ACTION SETTLEMENT

Case History

Several class action lawsuits were filed on behalf of the Subscriber Class and the Provider Class alleging the Defendants conspired to restrain trade and monopolize the markets in which they operate in violation of U.S. federal antitrust laws. At this time, the Subscriber Class has entered into a settlement with the Defendants for a total amount of approximately \$2.67 billion. The settlement received final approval. The settlement funds (less any expenses and fees) will be distributed to the Subscriber Class if and when the Court grants final approval of the settlement and a claims process is completed.
