CLASS ACTION SUMMARY

ANTITRUST CLASS ACTION**

Case History

In 2020, class action lawsuits were filed alleging the Defendants monopolized the market in the United States for Card Shufflers certified and approved for use by casinos in violation of federal antitrust laws. It is impossible to predict the outcome, but money may become available to eligible class members if the class is certified and a settlement is reached with one or more of the Defendants in the future. FRS will update this Summary as the case progresses and new information becomes available.

If a monetary settlement is obtained, information about it will be available from Class Counsel.

You also may visit the Court-approved website once one is established.

Please understand that you have the right to file on your own if and when there is a monetary settlement.
