CLASS ACTION SUMMARY
**DELTA DENTAL INSURANCE
ANTITRUST CLASS ACTION**

Case History

In 2019, several class action lawsuits were filed alleging the Defendants engaged in conspiracies that suppressed competition and resulted in lower reimbursement rates paid to dental providers in violation of federal antitrust laws. These lawsuits were consolidated in the Northern District of Illinois. It is impossible to predict the outcome, but money may become available to eligible class members if the class is certified and a settlement is reached with the Defendants in the future.

If a monetary settlement is obtained, information about it will be available from Class Counsel.

You also may visit the Court-approved website once one is established.

Please understand that you have the right to file on your own if and when there is a monetary settlement.
