CLASS ACTION SUMMARY

GOLD COMMODITIES**ANTITRUST CLASS ACTION SETTLEMENTS****Case History**

A class action was filed in 2014 alleging the Defendants conspired to fix, raise, maintain, stabilize and/or otherwise manipulate the gold benchmark price in violation of federal antitrust laws. Since then, the class has reached settlements with the Defendants in the total amount of \$152 million. Distributions of the funds secured in all settlements will occur after the completion of a claims process.

First Round Settlements: The first round of settlements with Deutsche (\$60 million) and HSBC (\$42 million) total \$102 million (these settlements received final Court approval). The original claim filing deadline for this round of settlements was August 23, 2021. Since then, a revised Plan of Allocation was approved by the Court, which allows for positions opened and closed the same day to be included with the claims. *The deadline to file a revised claim was April 19, 2022 in order to take advantage of this change.

Second Round Settlement: The final settlement with BNS, Barclays, Soc Gen and LGMFL totals \$50 million (this settlement received final approval). The deadline to file a claim for this settlement was also April 19, 2022.

Class Counsel or the Settlement Administrator may be contacted for additional settlement information.
