CLASS ACTION SUMMARY

**GOOGLE ADVERTISING - ADVERTISERS
ANTITRUST CLASS ACTION**

Case History

Class action lawsuits were filed alleging Google conspired with Facebook, its largest competitor in the ad network market, to maintain non-competitive pricing on digital ads placed on Facebook, and acquired and maintained monopoly power in the Digital Advertising Services market in violation of U.S. federal antitrust laws. It is impossible to predict the outcome, but money may become available to eligible class members if the class is certified and a settlement is reached with Google in the future. FRS will update this Summary as the case progresses and new information becomes available.

If a monetary settlement is obtained, information about it will be available from Class Counsel.

You also may visit the Court-approved website once one is established.

Please understand that you have the right to file on your own if and when there is a monetary settlement.
