**Eligible Class Members:** If certified, eligible Class Members are all persons and entities (excluding all federal, state or local governmental agencies) who or which, from May 4, 2017 to the present, purchased, paid and/or provided reimbursement for some or all of the purchase price for “Invisalign Aligners” (defined below) while residing in the “Eligible Jurisdictions”(listed below) and acquired for personal use.

**“Eligible Jurisdictions”:** AZ, CA, CT, FL, IL, IA, MD, MA, MI, MN, NE, NV, NY, NC, OR and TN.

**Definition of “Invisalign Aligners”:** Invisalign Aligners are transparent and removable dental aligners made from clear plastic and are manufactured by Align Technology, Inc. (the “Defendant”).

**Case History:** In 2021, a class action lawsuit was filed in the Northern District of California alleging the Defendant monopolized the aligner market, which resulted in artificially raised prices and reduced competition in the market for Invisalign Aligners in violation of federal and state antitrust laws. It is impossible to predict the outcome, but money may become available to eligible class members if the class is certified and a settlement is reached with the Defendant in the future. FRS will update this Summary as the case progresses and new information becomes available.

**If a monetary settlement is obtained, information about it will be available from Class Counsel.
