Case History

In 2025, a lawsuit was filed in the Southern District of Indiana alleging the Defendants conspired to illegally fix, raise, maintain, and/or stabilize prices of Shell Eggs sold in the United States in violation of federal antitrust laws. It is impossible to predict the outcome, but money may become available to Eligible Class Members if a settlement is reached with the Defendants in the future. FRS will update this Class Action Summary as the case progresses, and new information becomes available.
