"Eligible Class Members":

If certified, Eligible Class Members includes:

Case History

In 2025, class action lawsuits were filed on behalf of a proposed Direct Class and Indirect Class alleging the Defendants and their Co-Conspirators engaged in a conspiracy to restrict output, suppress competition, and fix, raise, stabilize and maintain prices for Shipping Containers in the United States in violation of state and federal antitrust laws. It is impossible to predict the outcome, but money may become available to Eligible Class Members if the classes are certified and settlements are reached with one or more of the Defendants in the future. FRS will update this Summary if and when the cases progress and new information becomes available.
